### **QUARTERLY REPORT**

Dear Shareholder:

Net income of \$4,288,000 during the first quarter of 2014 remained strong as evidenced by a Return on Average Assets (ROAA) 1.41%. First quarter 2014 net income was 8.88% less than the first quarter of 2013, but 1.49% higher than the fourth quarter of 2013. Our first quarter 2014 earnings include the benefit of a credit for loan losses of \$311,000 resulting from a reduction in estimated allowances required on impaired loans as well as lower total loans outstanding, but also include the negative effect of lower gains from sales of mortgage loans (down \$164,000 from the fourth quarter 2013 and \$353,000 from the first quarter 2013). The lower volume of mortgage loans sold in the first quarter resulted from challenging market conditions, including higher long-term interest rates and difficult winter weather throughout our market area. Earnings continue to be challenged by margin compression, regulatory pressure on non-interest income and increased compliance costs as a result of the Dodd-Frank legislation.

Over the past year the balance sheet remained relatively flat as the continued low interest rate environment and weak loan demand provided few opportunities to expand the balance sheet without taking undue risk. Net loans have declined \$42,153,000 over the past year; however the outstanding balance of mortgage loans sold with servicing retained increased \$33,257,000. Total deposits and repo sweep accounts decreased by \$6,048,000 or 0.62% over the last twelve months. Trust Assets Under Management (TAUM) grew to \$797,833,000 or 8.21% over the past year. The growth was a combination of market appreciation and new business development.

All of our capital ratios remain above the regulatory defined "well capitalized" levels. Our strong earnings performance and capital position has allowed us to steadily increase the dividend over the past several years. During the first quarter we paid a dividend of 26 cents per share which represents a 4.00% increase over the first quarter of 2013. Our challenge remains finding suitable investments to leverage our excess capital.

As shareholders, we continue to solicit your support and stand willing to answer any concern you may have.
