

CITIZENS & NORTHERN CORPORATION

BANCNOTES

Dear Shareholder:

The positive financial trends we highlighted in our first quarter report continued into the second quarter of 2018. Our work to improve the mix of our balance sheet by emphasizing loan and deposit growth while decreasing reliance on borrowed funds and the investment portfolio produced significant growth in margin revenues. C&N has historically produced strong non-margin revenues due in large part to our Trust and Financial Management group, which expanded its contribution during the second quarter as well. Additionally, management has focused on several initiatives to improve fee income from deposit and debit/ credit card activities that are producing results. While we continued to experience normal increases in operating costs and invest in the future of the franchise during the quarter, revenues grew at a faster pace than expenses providing for a substantial increase in earnings.

The second quarter also included some significant transactions. The first was the recognition of a pre-tax gain on Visa Class B stock of \$1,750,000 that, until the second quarter 2018, had a carrying value of \$0, which represented C&N's cost basis. As a partial offset to this gain, C&N also recognized a pre-tax loss on available-for-sale securities totaling \$282,000. More details related to these securities transactions are presented in the Second Quarter Earnings Release distributed through our recent 8-K filing. The other significant transaction was finalizing the donation of our office in Towanda, PA to a nonprofit organization at a cost of \$250,000 which was partially offset by the receipt of a state tax credit of \$154,000. C&N has a one year lease to continue operating at the current facility while we work to secure a new location in the Towanda market that will enhance our ability to build relationships and deliver value to local customers.

Earnings per share was \$0.52 in the second quarter 2018, up 52.9% from \$0.34 per share in the second quarter 2017. Net income was \$6,371,000 in the second quarter 2018, an increase of \$2,250,000 (54.6%) over first quarter 2017 net income of \$4,121,000. Excluding the after-tax impact of the gain on Visa Class B stock as described above and net (losses) gains on debt securities for both periods, adjusted second quarter 2018 net income of \$5,212,000, or \$.42 per share, exceeded adjusted second quarter 2017 net income of \$4,051,000, or \$.33 per share, by \$1,161,000 (28.7%). Pretax income, excluding the gain on Visa Class B stock and net (losses) gains on available-for-sale debt securities, totaled \$6,280,000 in the second quarter 2018, an increase of \$892,000 (16.6%) over adjusted pre-tax income of \$5,388,000 in the second quarter 2017. Consistent with the reduction in the federal corporate income tax rate in 2018, the effective tax rate of 17.8% for the second quarter 2018 was significantly lower than the second quarter 2017 effective tax rate of 25.0%.

Second Quarter, 2018

Net income for the six-month period ended June 30, 2018 totaled \$10,746,000, an increase of \$3.2 million (42.2%) over net income for the first six months of 2017. Excluding the impact of the gain on Visa Class B stock and net (losses) gains on debt securities in a similar manner, adjusted year-to-date 2018 net income of \$9,587,000, or \$.78 per share, exceeded adjusted net income for the first six months of 2017 of \$7,391,000, or \$.61 per share, by \$2,196,000 (29.7%). Excluding the securities gains and losses, pre-tax income was \$11,396,000 for the first six months of 2018, an increase of \$1,735,000 (18.0%) over 2017, and the effective income tax rate was 16.5% YTD in 2018 as compared to 23.8% for the first six months of 2017.

Net interest income was \$1,631,000, or 7.9%, higher during the first half of 2018 than 2017. Interest income increased \$1.77 million, including an increase of \$1.95 million in interest and fees on loans. The average balance of loans for YTD 2018 was \$55.8 million (7.3%) higher than in the first six months of 2017, and the average fully taxable-equivalent yield on loans increased to 4.96% for YTD 2018 from 4.86% for the first six months of 2017.

Interest expense increased \$141,000, reflecting an increase in interest on deposits of \$512,000, an increase in interest expense on short-term borrowings of \$159,000 and a decrease in interest expense on long-term borrowings of \$530,000. The increase in interest expense on deposits resulted from an increase in the average rate paid to 0.42% in 2018 from 0.30% in 2017 as well as a \$22.5 million increase in average interestbearing deposits in the first six months 2018 over the same period in 2017.

Credit quality has remained stable throughout 2018. The provision for loan losses was \$272,000 for the first six months of 2018 as compared to \$456,000 in 2017. During the second quarter, C&N recognized a credit for loan losses (reduction in expense) of \$20,000 as compared to a provision of \$4,000 in the second quarter 2017. Management has a robust process to evaluate the adequacy of the reserve for possible loan losses on a continuous basis. This process includes specific allowances on loans, net charge-offs during the period, the impact of loan growth, and a collectively determined portion. Based on the current assessment, management believes that the reserve for possible loan losses is adequate.

Noninterest income increased \$1,125,000 (14.1%) in the first half of 2018 compared to the same period in 2017, and the second quarter increase of 14.2% compared to 2017 is consistent with first quarter 2018 performance. Trust and financial management revenue, brokerage fees, service charges on deposit accounts, interchange from debit card transactions, and loan servicing fees were the primary drivers. Growth in noninterest income reflects the ongoing efforts and initiatives to add value through deepening customer relationships.

Total noninterest expense increased \$1,205,000 (6.6%) in the first six months of 2018 compared to 2017. The 6.7%

increase during the second quarter compared to last year was consistent with the year-to-date amount. Salaries and wages, health care expenses, data processing, telecommunications and professional fees were the primary contributors through six months of 2018. We did experience seasonal moderation in salaries and wages following the typical hike at the beginning of each calendar year. Additionally, health care expenses decreased approximately 25% in the second quarter compared to the first quarter of this year due to improved claims experience during the period.

C&N's strong capital position provides the Company with the ability to pursue growth and expansion and to continue to pay a healthy cash dividend. We increased the quarterly cash dividend paid in February 2018 to \$.27 per share from the \$.26 per share paid in November 2017, reflecting the Board's confidence in the ongoing financial strength of the Corporation. On July 19, 2018, the Board of Directors again declared a dividend of \$.27 per share payable on August 10, 2018 to shareholders of record as of July 30, 2018. On an annualized basis, the quarterly payment produces a dividend yield of 4.18% on the June 30, 2018 market price of \$25.86. In April 2016, the Board announced a common stock repurchase program for the acquisition of up to 600,000 shares. There have been no repurchases of stock under this program to date.

We appreciate your investment and ongoing support of C&N.

We are halfway through 2018, and halfway to our goal of raising \$60,000 for this year's Giving Back, Giving Together campaign in support of education and literacy in our communities through our local public libraries. So far, we have raised over \$33,000 for 24 local libraries.

On June 25th, we held our largest fundraising event of the year, our 3rd annual C&N Charity Classic golf tournament at the Tyoga Country Club. It was a beautiful, sunny day with good food, great prizes and fun to be had by all. 132 golfers turned out for the event and over \$16,000 was raised that will go directly to our local libraries. It wouldn't have been possible without the engagement and support from our sponsors, clients, business partners and team members.

Although we've come a long way toward reaching our

\$60,000 goal for this year's campaign, we still have work to do and we need your help. Here are a few of the ways you can get involved in our campaign again this year:

- Share & Like C&N's #GivingBackGivingTogether Facebook posts. We donate \$1 for every like & share to our libraries.
- Volunteer with us! Our teams coordinate with their local libraries to be directly involved.
- Visit us during our event weeks, when our offices coordinate on-site events, including fundraisers, book drives and other activities:
 - September 24 29
 - December 9 15
- Spread the word!

Help us support our local public libraries and ensure everyone has access to educational resources in our community!

Employee Connection

C&N came together from a masquerade themed event at Mansfield University to celebrate our teammates' recent successes, introduce a new service standard and have some fun and friendly competition! Congratulations to these six employees who were presented with a TOP award for leading their area from October 2017 - March 2018.
